

Erosion/Sediment Control Provisional Certification May 19-September 30, 2009

Provisional certification is available for both Inspector/Installer and Site Management for the 2009 construction season. The courses are described on the opposite side of this form.

How to Earn Provisional Certification

The steps for earning provisional certification are as follows:

- Submit a registration form with payment to our office.
- We will mail to you a registration receipt and study materials.
- When you arrive for the exam, you will be asked to provide a photo ID and your registration receipt. You may use your study materials during the exam. You will be required to watch a 26 minute tape at our facility. The process may take up to two hours.
- The exam will be graded at the University of Minnesota and if you pass you will receive a provisional certification card two to three days after you take the exam.
- If you do not pass the exam, you must contact us to make arrangements to take it again. You can retake it once without paying another fee. After that you will need to re-register and pay the full fee again.

For More Information

Call 800-646-2282 or 612-625-9733, or visit us on the web at www.erosion.umn.edu

Fees

The registration fees for provisional certification are:

Inspector/Installer: \$105
Site Management: \$105

There is a \$25 cancellation fee which will be deducted from your refund should you decide not to take the exam.

Locations

Testing will be done at the Bioproducts and Biosystems Engineering Department on the University of Minnesota Twin Cities campus on a daily basis Monday through Friday *except* for May 25, July 3, and September 7. Testing can begin as early as 8:00 AM; the last starting time is 2:00 PM. Please call to make an appointment when you are ready to take the exam.

Restrictions

You may earn provisional certification in a subject only once during a four-year period.

Provisional certification is valid through May 31, 2010, when the regular course season is complete.

No registration substitutions are allowed. Original registrations are required in the name of each individual who is applying for provisional certification.

UNIVERSITY OF MINNESOTA

Provisional testing is a cooperative effort of the University of Minnesota Department of Bioproducts and Biosystems Engineering and the Minnesota Department of Transportation.

Erosion/Sediment Control Provisional Certification

Erosion/Sediment Control Inspector/Installer (\$105)

For those who install or inspect the installation of erosion/sediment control devices and the establishment of vegetation. Knowledge of good sediment control practices and of proper installation methods is required for provisional approval. Provisional approval is only valid for the current construction season. Provisional approval will not be given for two consecutive years.

Erosion/Sediment Control Site Management (\$105)

For those who supervise, run, or direct grading work, culvert replacement work, and bridge construction work over rivers and streams. Knowledge of good sediment control practices and of the roles and responsibilities of permit requirements is required for provisional approval. Provisional approval is only valid for the current construction season. Provisional approval will not be given for two consecutive years.
